Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.   (currently amended) A method for clustering by address, comprising:

receiving a search query that includes one or more keywords;

obtaining one or more geographical identifiers;

identifying an area of interest based, at least in part, on the one or more geographical identifiers;

identifying documents that are associated with addresses located within the area of interest;

determining ones of the identified documents that match the one or more keywords as relevant documents;

grouping the relevant documents into clusters based, at least in part, on the addresses located within the area of interest associated with the relevant documents, each of a plurality of the clusters corresponding to one of the addresses; and

presenting the clusters.

2.   (original) The method of claim 1, wherein the geographical identifiers are received as part of the search query.

3.   (original) The method of claim 1, wherein the geographical identifiers are
